Says

can watch education contents

have a huge influence on general audience

Lots of fake videos

Thinks

we need something acknowledge which is true

they earn a lot of AD revenue

wasting a lot of time

Subscribers Galore

Does

Need to gather data set

Can spread general awareness to public audience regarding health and other aspects

Investing money on their channels for better quality

Feels

Rummy,winzo,MPL Ad are not good for the society

All info in the videos are not 100% legitimate

The influencers earn through product recomandation
